Every snowflake is different from any other snowflake. YHVH made the snowflake and YHVH made you different from anyone else in the entire world. Look real close at your thumb. Did you know your very fingerprint is different from anyone else?

Just like you received your physical DNA from your earthly father, like the color of your eyes, the color of your hair, how tall you will grow; Your Heavenly Father has given you His very own spiritual DNA. DNA is a scientific term that means your very own special design. Just like your thumb print, and the iris in your eye make up your special physical Design or DNA, your spiritual Design or DNA is very special and given to you from YHVH, your Heavenly Father Abba. God, the Father and Creator of the Universe, designed you for this specific time and place in eternity, and He has a very special plan and purpose for your life. These 7 Redemptive gifts is your spiritual DNA, you have all 7 within you, and you only need to develop them.
